We're There When You Need Us

UneedAid — Where the Name Comes From

Our Brand DNA

UneedAid comes from **"You Need Aid."** You might think it's just a clever wordplay — but for us, it is a **promise embedded in our brand's DNA**.

In our industry, every second is a race against death. Whether a tourniquet holds firm, a bandage seals properly, or a first aid kit contains exactly what is needed — these details directly determine whether a life can be saved.

That is why UneedAid exists.

Protecting Life, From the First Second

During an outdoor adventure, our founder witnessed a teammate nearly lose their life due to uncontrolled bleeding. From that moment, a conviction took root: if more professional and reliable pre-hospital products existed, could many preventable tragedies be avoided?

With this purpose, **UneedAid was born.**

Our Commitment

- **When You Need Us — We're Already There:** Full product line covering hemostasis, dressing, immobilization, and protection
- **When You Use It — It Must Work:** Every product certified to ISO 13485, MDR, CE, and FDA standards
- **When It's Urgent — It Can't Be Complicated:** Intuitive design so anyone can act correctly under pressure

Manufacturing Excellence

We do not merely manufacture products — we provide **reliable protection** for those who need help in their most critical moments. Whether you are an EMT, a military or law enforcement professional, an outdoor enthusiast, or a prepared family — when you need help, **UneedAid is your most trusted partner**.

20,000+
Square Meters

ISO
13485 Certified

CE
MDR Approved

We believe that behind every life saved are countless moments of acting one second sooner, one correct procedure, one well-executed response. ***What UneedAid does is make those moments possible.***

MOQ	3000
CERTIFICATE	CE, ISO 13485

Plastic Tweezers

Medical-grade PP plastic material, non-toxic and odorless, heat-sterilizable (below 100°C), preventing bacterial growth

SPECIFICATIONS	
MODEL NO	GE-QX-03
MATERIAL	Medical Grade Plastic
COLOR	
NET WEIGHT	5g/10g
SIZE	13cm
MOQ	5000/20000
CERTIFICATE	CE, ISO 13485

Care Supplies

Safety Pins

Medical-grade stainless steel, rust and corrosion resistant, won't rust with long-term storage or contact with sweat/disinfectants

SPECIFICATIONS	
MODEL NO	GE-QX-04
MATERIAL	Metal
COLOR	
NET WEIGHT	2g
SIZE	10 pcs/bag/3cm
MOQ	1000
CERTIFICATE	CE, ISO 13485

Thoracic Puncture Needle

Medical stainless steel material with high strength and corrosion resistance

SPECIFICATIONS	
MODEL NO	GE-QX-05
MATERIAL	Medical Stainless Steel
COLOR	
NET WEIGHT	5g
SIZE	13×1cm
MOQ	500
CERTIFICATE	CE, ISO 13485

Outdoor Survival Multi-functional Fire Starter (Butterfly Shape)

Magnesium rod fire-starting design, waterproof and windproof, stable ignition even in extreme environments

SPECIFICATIONS	
MODEL NO	GE-QX-06
MATERIAL	Magnesium rod + stainless steel scraper + PP plastic
COLOR	
NET WEIGHT	40g/45g
SIZE	Small: 8.5×4cm (Scraper: 7.5×2cm, magnesium rod diameter 0.8cm)/Large: 11×4cm (Scraper: 7.5×2cm, magnesium rod diameter 0.8cm)
MOQ	1000
CERTIFICATE	CE, ISO 13485

Care Supplies

Multifunctional Knife Card

Stainless steel one-piece construction with high strength and sharp edges, durable and not easily damaged

SPECIFICATIONS	
MODEL NO	GE-QX-07
MATERIAL	Stainless Steel
COLOR	
NET WEIGHT	25g
SIZE	8×5.5cm
MOQ	3000
CERTIFICATE	CE, ISO 13485

Reflective Ankle Strap

High-visibility reflective strip design improves visibility at night, enhancing safety

SPECIFICATIONS	
MODEL NO	GE-QX-08
MATERIAL	Polyester, elastic band, reflective strip

MOQ	3000
CERTIFICATE	CE, ISO 13485

Disposable Ice Pack

Instant-cold design requires no pre-refrigeration; activates within 10 seconds of pressing, reaching 0–5°C

SPECIFICATIONS	
MODEL NO	GE-WD-01
MATERIAL	Cold Storage Agent + Water
COLOR	
NET WEIGHT	80g/100g
SIZE	11cm × 15cm
MOQ	10000
CERTIFICATE	CE, ISO 13485

Care Supplies

Emergency Blanket

Dual-layer PET aluminized film with over 90% reflectivity quickly retains body heat for excellent insulation in cold environments

SPECIFICATIONS	
MODEL NO	GE-WD-02
MATERIAL	PET aluminized film/PE
COLOR	
NET WEIGHT	PET：48g/51.5g/56g/58.5g (Silver); 51g (Gold and silver two-tone 130×210cm)
SIZE	PET: 130×210cm/140×210cm/150×210cm/160×210cm
MOQ	3000/5000/10000
CERTIFICATE	CE, ISO 13485

Warm Patch

Formula of iron powder, salt, water and activated carbon, self-heating by air, no charging needed

SPECIFICATIONS	
MODEL NO	GE-WD-06
MATERIAL	Iron powder, salt, water and activated carbon
COLOR	
NET WEIGHT	60g/75g
SIZE	9×5.5cm/19×12cm
MOQ	10000
CERTIFICATE	CE, ISO 13485

Infrared Thermometer

Non-contact infrared temperature measurement avoids cross-infection, safe and hygienic

SPECIFICATIONS	
MODEL NO	GE-WD-07
MATERIAL	ABS
COLOR	
NET WEIGHT	113g
SIZE	15.7×4.5×4.5cm
MOQ	1000
CERTIFICATE	CE, ISO 13485

Care Supplies

Electronic Thermometer

Eco-friendly ABS material, lightweight sturdy body, multiple color options

SPECIFICATIONS	
MODEL NO	GE-WD-08
MATERIAL	ABS
COLOR	
NET WEIGHT	9.5g
SIZE	12.5×1.8×1cm/1.95×0.95cm
MOQ	3000
CERTIFICATE	CE, ISO 13485

Forehead Temperature Patch

Temperature-sensitive color-changing technology, intuitive temperature display without battery

SPECIFICATIONS	
MODEL NO	GE-WD-09
MATERIAL	Temperature sensing layer
COLOR	
NET WEIGHT	0.5g
SIZE	9×1.6cm
MOQ	5000
CERTIFICATE	CE, ISO 13485

Emergency Tent

Thickened PE aluminized film core material, with dual core functions of waterproof/windproof and high-reflection heat...

SPECIFICATIONS	
MODEL NO	GE-WD-05
MATERIAL	PE Aluminum Plated Film
COLOR	
NET WEIGHT	220g
SIZE	240×150cm
MOQ	2000
CERTIFICATE	CE, ISO 13485

OEM & ODM Services

SERVICE SCOPE

Industrial Design & Styling
Conceptual and structural aesthetic design

Structural Engineering & Development
Functional design, feasibility analysis, and mechanical architecture

Tooling & Mold Development
Integrated innovative mold manufacturing

Brand Logo Customization
Tailored brand identity and logo application

Bespoke Packaging Solutions
Custom design and implementation of product packaging

SERVICE WORKFLOW

Requirements → Design → Prototyping → Production → Quality Control → Delivery

WHY US

- ISO Certified
- Flexible MOQ
- Agile R&D
- High Capacity

OEM / ODM CAPABILITIES

OEM Services

- ✓ Custom logo printing & branding
- ✓ Color & material customization
- ✓ Custom packaging design
- ✓ Product labeling & manual

ODM Services

- ✓ New product design & R&D
- ✓ Mold development & tooling
- ✓ Functional prototype creation
- ✓ Mass production management

AFTER-SALES SERVICE

Technical Support
Long time consultation & spare parts supply

Customized Solutions
Tailored after-sales plans for bulk orders

FAQ & Support

Frequently Asked Questions

Q Can we customize the products with our own branding?

A Absolutely. We support Custom Logo Printing & Branding (silk screen, embroidery, or heat transfer). We also offer Color & Material Customization to align the products with your brand identity.

Q Do you provide custom packaging and manuals?

A Yes. We offer Custom Packaging Design (boxes, pouches, or retail kits) and can provide Product Labeling & Manual translation services to ensure compliance with your local market requirements.

Q Do you support new product development?

A Yes. Innovation is our core. We have More Products in Development and actively support Joint Research & Development (ODM) to help you bring unique concepts to life.

Q What kind of support do you offer for e-commerce sellers?

A We are highly Service Oriented. We provide Support for Agent Shipment (dropshipping) and can Provide Main Pics & Detail Pics to help you list products quickly on online platforms.

Q Are you a trading company or a factory?

A We are a Source Factory. This means you get direct factory pricing, strict quality control, and professional Technical Support including lifetime consultation and spare parts supply.

Q What is your Minimum Order Quantity (MOQ)?

A We offer flexible MOQs to support businesses of all sizes. For standard products, the MOQ is low; for fully customized OEM orders, it depends on the specific requirements. Please contact our sales team for a detailed quote.

Q Are your products certified for international markets?

A Yes. As a professional medical supply brand, our core products are compliant with international standards such as CE, FDA, and ISO. We can provide the necessary documentation to assist with your import clearance.

Q What is the typical lead time for orders?

A For in-stock items, we can ship within 3–7 days. For custom OEM orders, the lead time is usually 20–35 days depending on the order volume and customization complexity.

Q Can I request a sample before placing a bulk order?

A Certainly. We encourage clients to evaluate our quality firsthand. Sample support is available for most items, and the sample cost can often be deducted from your first bulk order.

UneedAid

- More products in development...
- Support OEM customization
